

## **ANONYMOUS MANDATORY OSPE FEEDBACK PROFORMA**

University of Health Sciences believes that the actual beneficiary of Medical Education is the Public of Pakistan. Therefore, the University has introduced clinically-oriented and community-based objectives in the teaching and learning strategies as well as the evaluation criteria. Replacing certain subjective components of the Practical Examination with Objectively Structured Performance Evaluation is yet another step by the University towards that goal.

The University also strongly believes that the students are the key stakeholders of the Medical Education Cycle therefore any improvement both qualitative and quantitative in Medical Education cannot be achieved without the input of our students.

The University has, therefore, developed an anonymous mandatory "Feedback Proforma" that the students are required to complete at the end of each OSPE and shall drop the same in the sealed boxes provided which will be delivered in confidence to the Examinations Department for study and analysis.

A copy of the "Feedback Proforma" is provided for your information and perusal.

# STUDENT'S FEEDBACK FORM

## UNIVERSITY OF HEALTH SCIENCES LAHORE
