

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Friday, 2nd June, 2023 at 10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate | Supervisor | Title |
|----------------|--------------------------------------|---|--|
| 1. | Dr. Ahmad Bilal | Prof. Syed Abrar Hussain Sherazi Head, Department of Orthopaedics Sargodha Medical College, Sargodha | Comparison of outcomes of retrograde intramedullary nailing with locked compression plating in the treatment of supracondylar fracture of distal femur |
| 2. | Dr. Muhammad Ilyas | Dr. Naseer Ahmad Ch. Associate Professor of Orthopaedics Sheikh Zayed Medical College, Rahim Yar Khan | Comparative analysis of the functional outcome of type C1 distal femur fractures treated with distal femur locking plate versus dynamic condylar screw |
| 3. | Dr. Riaz Ahmed | Prof. Shujat Hussain Head, Department of Orthopaedics Quaid-e-Azam Medical College, Bahawalpur | Comparison of functional outcome of cross k-wire versus lateral divergent k-wire fixation in supracondylar gartland type-II fractures of humerus in children |
| 4. | Dr. Hafiz Rizwan ul Haq | Dr. Shahid Mahmood Assistant Professor Department of Orthopaedics Quaid-e-Azam Medical College, Bahawalpur | Comparison of arthrotomy versus arthroscopic surgery for the treatment of septic arthritis of knee |
| 5. | Dr. Mansoor Ul Hassan Qureshi | Prof. Hafiz Muhammad Kamran Siddiqui Professor of Orthopaedic Surgery Nishtar Medical University, Multan | Comparison of fracture outcome by minimally invasive plate osteosynthesis vs open reduction and internal fixation in Ao type 43A1, 43A2 and 43A3 distal tibia fractures |
| 6. | Dr. Muhammad Bilal | | Comparison of functional outcome between tension and band wiring and intramedullary screw fixation for olecranon fractures mayo type IA and IIA |
| 7. | Dr. Naeem Akhtar | | Comparison between the lateral and medial approaches in terms of functional and cosmetic results in the surgical treatment of type III supracondylar humeral fractures in children |
| 8. | Dr. Muhammad Shewan Shahzad | | Comparison of union and functional outcome of submuscular locking plate and titanium elastic nail in children with fracture midshaft of the femur AO type 32A1, 32A2, and 32A3 |
| 9. | Dr. Naeem Hussain | Prof. Syed Asif Ali Shah Professor of Orthopaedics Gujranwala Medical College Gujranwala | Comparison of functional outcome and union between ORIF with elastic intramedullary nailing and ORIF with plating in patients with displaced mid-shaft clavicle fractures |
| 10. | Dr. Adil Rasheed Cheema | Dr. Usman Zafar Dar Assistant Professor Department of Orthopaedics Gujranwala Medical College, | Comparison of tension band wiring and recontoured locking compression plate fixation in mayo type IIA olecranon fracture |

| | | | |
|-----|---|--|---|
| | | Gujranwala | |
| 11. | Dr. Safi Ullah Sardar Absent | Prof. Muhammad Hanif Mian Head, Department of Orthopaedics Postgraduate Medical Institute Lahore | Comparison between synthetic bone substitute and autograft in treatment of aneurysmal bone cysts of long bones in terms of healing |
| 12. | Dr. Abdul Basit Maqbool | | Comparison of functional outcome after posterior cruciate ligament reconstruction of knee joint using peroneus longus graft versus hamstring tendon graft |
| 13. | Dr. Maher Shahzad Ali Haider | Prof. Ali Raza Hashmi Professor of Orthopaedics Services Institute of Medical Sciences, Lahore | Comparison of mean change in pain score after infiltration of autologous blood injection versus steroid injection for treatment of planter fasciitis |
| 14. | Dr. Mustafa Hanif | | Comparison between external fixator vs open reduction internal fixation with anatomical plate in intra articular distal radial fracture |
| 15. | Dr. Umar Iqbal | Dr. Muhammad Akhtar Associate Professor Department of Orthopaedics Services Institute of Medical Sciences, Lahore | Comparison of outcome of titanium elastic nailing system (TENS) versus dynamic compression plates (DCP) in radius-ulna shaft fracture in pediatric population |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Tuesday, 5th July, 2022** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate | Supervisor | Title |
|----------------|---|---|---|
| 1. | Dr. Aurang zeb Revised | Dr. Tanveer Haider Associate Professor of Orthopaedics Khawaja Muhammad Safdar Medical College/Allama Iqbal Memoiral Teaching Hospital, Sialkot | Comparison of functional outcome in shaft of humerus fracture treated with locking compression plate on medial vs lateral surface |
| 2. | Dr. Hassnat Ahmed Alvi | | Comparative study of cannulated screw vs k-wire fixation in Milch type 2 lateral condyle fractures in children |
| 3. | Dr. Muhammad Bilal Afzal Revised | Prof. Tahseen Raiz Professor of Orthopaedics Allama Iqbal Medical College/Jinnah Hospital, Lahore | Comparison between outcomes of open and arthroscopic fixation of tibial spine avulsion fractures |
| 4. | Dr. Muhammad Akmal Zaib | | Comparison between functional outcome of tension band wiring versus intramedullary screw fixation in patients with OLECRANON fractures |
| 5. | Dr. Muhammad Faizan Tahir Revised | Prof. Ali Raza Hashmi Professor & Head of Orthopaedics Department Services Institute of Medical Sciences / Services Hospital, Lahore | De Quervain's tenosynovitis treated with steroid injection compared to surgical release |
| 6. | Dr. Muhammad Mamoon Younis Revised | | Hybrid external fixator in management of proximal tibial fracture |
| 7. | Dr. Ghazi Tahir Revised | Prof. Faisal Mushtaq Professor & Head of Orthopaedics Department Services Institute of Medical Sciences / Services Hospital, Lahore | Comparison of osteosynthesis in distal tibial fractures using 3.5mm versus 5mm MIPO for extra articular fractures |
| 8. | Dr. Arif Hussain Revised | | Fixation of posterior MALLEOLUS fracture with lag screws versus buttress plates |
| 9. | Dr. Rizwan Ali Revised | Dr. Muhammad Khalid Chishti Associate Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital, Multan | Comparison of functional outcomes of tibial condylar fractures SCHATZKER type v and vi treated with ILIZROV versus internal fixation with dual plates |
| 10. | Dr. Muhammad Ayube | Prof. Hafiz Muhammad Kamran Siddiqui Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital, Multan | Comparison of functional and radiological outcome of AO/OTA type B & C fracture distal radius treated with external fixator and volar locking compression plate |
| 11. | Dr. Rana Faseeh ur Rehman | Dr. Imran Haider Qaisrani Assistant Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital, Multan | Comparison of functional outcomes of dynamic external fixator versus locking compression plates for intra articular distal radius fractures at a tertiary care hospital |

| | | | |
|-----|--|---|---|
| 12. | Dr. Farhan Maqsood Goraya Revised | Prof. Syed Asif Ali Shah Professor of Orthopaedics Gujranwala Medical College/DHQ, Gujranwala | Comparison of fracture healing and function outcome in the management of distal combined tibial and fibular fracture with shortened interlocking nail in tibia vs nail with fibular plate |
| 13. | Dr. Muhammad Sohail Asghar | Prof. Shujaat Hussain Professor of Orthopaedics Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur | Comparison of the union rate between two techniques in the treatment of distal extra articular tibial fractures (minimally invasive plate osteosynthesis and intramedullary nailing) |
| 14. | Dr. Rana Muhammad Gulam Ashraf | | Comparison for the range of motion & carrying angle of elbow after lateral condylar fracture of humerus in children fixed by two surgical approaches |
| 15. | Dr. Muhammad Aamir Zaffar | | Comparison of the functional outcomes of elbow after fixation distal humerus fracture (type c) by Tricep Reflecting Anconeus Pedicle Approach (trap) versus olecranon osteotomy approach |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Friday, 5th November, 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate of MS. Orthopaedics | Supervisor | Title |
|----------------|--|---|--|
| 1. | Dr. Mukhtar Liaqat | Prof. Ali Raza Hashmi Professor of Orthopaedics Services Institute of Medical Sciences/Services Hospital, Lahore | To compare the donor site morbidity between the peroneus longus and hamstring tendon in arthroscopic assisted ACL reconstruction |
| 2. | Dr. Hanan Atta Khan | | Functional outcome of fracture of midshaft clavicle managed conservatively in polysling |
| 3. | Dr. Muhammad Bilal Afzal | Prof. Tahseen Riaz Professor of Orthopaedics Allama Iqbal Medical College/Jinnah Hospital, Lahore | Comparison between outcome of open and arthroscopic fixation of tibial spine avulsion |
| 4. | Dr. Syed Murtaza Ali Zaidi | | Study of functional outcome of reverse versus anatomical shoulder arthroplasty in patients of osteoarthritis |
| 5. | Dr. Muhammad Waqas | Prof. Riaz Ahmed Ex-Head Department of Orthopaedics Rawalpindi Medical University, Rawalpindi | Comparison of patellar resurfacing versus no resurfacing in patients undergoing total knee arthroplasty in terms of anterior knee pain and range of motion |
| 6. | Dr. Anser Abbas | Prof. Shujat Hussain Head, Department of Orthopaedics Quaid-e-Azam Medical College/BVH, Bahawalpur | Comparative study of outcome of open versus endoscopic carpal tunnel release |
| 7. | Dr. Riaz Ahmad | | Comparison of functional outcome of in cross k-wire versus lateral k-wire fixation in supracondylar fractures of humerus in children |
| 8. | Dr. Nasir Hussain | Prof. Hafiz Muhammad Kamran Siddiqui Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital Multan | Comparative study of outcome after THR using cobalt chrome head versus ceramic head |
| 9. | Dr. Aurang Zeb | Dr. Tanveer Haider Associate Professor of Orthopaedics Khawaja Muhammad Safdar Medical College/Sialkot | Outcome of comparative study of transverse fracture shaft of humerus managed with DCP versus functional brace |
| 10. | Dr. Hafiz Saad Masood Chishti | Dr. Haroon-ur-Rehman Gillani Head, Department of Orthopaedics Sahiwal Medical College/DHQ, Sahiwal | Comparison of clinical outcomes of plaster cast and dynamic compression plates for treatment of diaphyseal humeral fractures |
| 11. | Dr. Ghulam Sarwar | | Comparison of local steroid injection and carpal tunnel release in carpal tunnel syndrome |
| 12. | Dr. Mateen Qaiser Butt | Dr. Sajjad Rasool Assistant Professor Nawaz Sharif Medical College, Aziz Bhatti Teaching Hospital, Gujrat | Comparative study of proximal femur fractures with drain and without drain |
| 13. | Dr. Muhammad Ijaz | Prof. Muhammad Hanif Mian Professor of Orthopaedics Postgraduate Medical Institute/Lahore General Hospital, Lahore | Radiological and functional outcome of type II intertrochanteric fractures of femur treated with conventional dynamic hip crew versus modified |

| | | | |
|--|--|--|---|
| | | | dynamic hip screw: Randomized Controlled Trial |
|--|--|--|---|

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Wednesday, 7th July, 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate / Specialty | Supervisor | Title |
|----------------|---|--|---|
| 1. | Dr. Muhammad Mugheera Nafey M.S. (Orthopaedics) | Prof. Faisal Mushtaq Professor & Head Department of Orthopaedics Surgery-II Services Institute of Medical Sciences/Services Hospital Lahore | Outcome of non comminuted mid-shaft fracture of humerus in adults treated with humerus brace |
| 2. | Dr. Ghazi Tahir M.S. (Orthopaedics) | | Outcome of osteosynthesis in distal tibial fractures using LCP with MIPO and open technique in terms of union and functional outcome |
| 3. | Dr. Zain ul Abidin M.S. (Orthopaedics) | Prof. Haroon Ur Rehman Gillani Head Department of Orthopaedics Surgery Sahiwal Medical College/DHQ Teaching Hospital, Sahiwal | Comparison of rate of union between Minimally Invasive Plate Osteosynthesis (MIPO) and Intramedullary Nailing (IMN) technique in distal tibia fractures |
| 4. | Dr. Asma Akram M.S. (Orthopaedics) | Dr. Tanveer Haider Associate Professor of Orthopaedics Khawaja Muhammad Safdar Medical College/Allama Iqbal Teaching Hospital, Sialkot | Comparison of functional outcome of medial malleolus fracture treated by 4mm lag screw versus tension band wiring |
| 5. | Dr. Muhammad Junaid M.S. (Orthopaedics) | Dr. Khalid Chishti Assistant Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital, Multan | Comparison of functional outcome of proximal femoral nail versus dynamic hip screw fixation in the management of intertrochanteric fractures at a tertiary care hospital |
| 6. | Dr. Hafiz Muhammad Shiraz M.S. (Orthopaedics) | Prof. Muhammad Hanif Mian Professor of Orthopaedics Postgraduate Medical Institute/Lahore General Hospital Lahore | Comparison of arthroscopic anterior cruciate ligament reconstruction by using hamstring graft versus bone patellar tendon bone graft |
| 7. | Dr. Ali Hassan M.S. (Orthopaedics) | | Comparison between short segment posterior fixation with inclusion of the fracture level versus long segment posterior fixation in the management of unstable thoracolumbar fractures |
| 8. | Dr. Muhammad Asif Nadeem M.S. (Orthopaedics) | | Comparison of percutaneous locking plate as external fixator and AO external fixator in extra articular fracture of proximal tibia |
| 9. | Dr. Muhammad Pervaiz M.S. (Orthopaedics) | | Comparison of outcome of modified tension band wiring and parallel cannulated compression screws in the treatment of fracture patella |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Friday, 9th July, 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate of MS. Orthopaedics | Supervisor | Title |
|----------------|--|---|--|
| 1. | Dr. Rana Muhammad Irfan Siddique | Prof. Sajjad Hussain Goraya Head, Department of Orthopaedic Surgery Allama Iqbal Medical College/Jinnah Hospital, Lahore | Comparison of functional outcome between locking plate technique versus hybrid Ilizarov technique in patients with complex tibial plateau fractures |
| 2. | Dr. Taimoor Nawaz Khan | | A comparison of functional outcome between bio absorbable interference screw and endobuttion fixation on femur in arthroscopic anterior cruciate ligament reconstruction |
| 3. | Dr. Yasir-u-din Hassan | Prof. Abrar Hussain Sherazi Professor of Orthopaedic Surgery Sargodha Medical College/DHQ Teaching Hospital, Sargodha | Comparison of outcomes of mini external fixator versus Kirschner wires in the treatment of metacarpal or phalangeal fractures |
| 4. | Dr. Hafiz Usman Jameel | Prof. Muhammad Zafar Iqbal Head, Department of Orthopaedic Surgery Shaikh Zayed Medical College/Shaiikh Zayed Hospital, Rahim Yar Khan | Comparison of rate of dislocation after bipolar hemiarthroplasty through lateral versus posterior approach in displaced neck of femur fractures |
| 5. | Dr. Muhammad Ikram Ullah Khan | Prof. Syed Asif Ali Shah Professor of Orthopaedics Gujranwala Medical College/DHQ Hospital Gujranwala | Comparison of functional outcome of proximal femoral locking plate versus dynamic hip screw fixation for intertrochanteric fractures |
| 6. | Dr. Sameer Ahmed | | Comparison of mini-plate fixation versus Kirschner wire internal fixation in patients with closed metacarpal and phalangeal shaft fractures |
| 7. | Dr. Ali Jarrar Abbas | | Comparison of percutaneous K-wire fixation and open reduction and internal fixation with K-wire in children with delayed presented supracondylar fracture of humerus |
| 8. | Dr. Farrukh Fazal | | Comparison between proximal femoral nail antirotation and dynamic hip screw in terms of efficacy for per trochanteric femur fracture fixation in patients of >18 years age |

| | | | |
|----|--------------------------------|--|---|
| 9. | Dr. Muhammad Omer Sabir | | To compare the functional outcome of femoral shaft fractures in children of age group 5 to 11 years treated with close AO-external fixator versus titanium elastic nail |
|----|--------------------------------|--|---|

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Thursday, 10th March, 2022** at **08:45 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate of MS. Orthopaedics | Supervisor | Title |
|---------|--|--|---|
| 1. | Dr. Hanan Atta Khan Revised | Prof. Faisal Mushtaq Professor & Head of Orthopaedics Department Services Institute of Medical Sciences / Services Hospital, Lahore | Comparison of functional outcomes of Hardinge vs Moore approach in bipolar hemiarthroplasty done in displaced neck of femur fractures in elderly |
| 2. | Dr. Muhammad Mugheera Nafey Revised | | Comparison of outcome of acromioclavicular joint dislocation Rockwood type 3 and above treated with endobutton versus clavicle hook plate |
| 3. | Dr. Shah Zaib Zahid | Prof. Sajid Hussain Goraya Professor of Orthopaedics Allama Iqbal Medical College/Jinnah Hospital, Lahore | Comparison of proximal femur nail (PFN) and dynamic hip screw (DHS) in intertrochanteric fractures in terms of post-operative pain, post operative infection and back to functionality with weight bearing at hip joint |
| 4. | Dr. Asma Akram Revised | Dr. Tanveer Haider Associate Professor of Orthopaedics Khawaja Muhammad Safdar Medical College/Allama Iqbal Memorial Teaching Hospital, Sialkot | Comparative study of functional outcome & union of medial malleolus fracture treated by 4mm lag screw versus tension band wiring in weber type B and C |
| 5. | Dr. Hafiz Saad Masood Chishti Revised | Dr. Haroon-ur-Rehman Gillani Head, Department of Orthopaedics Sahiwal Medical College/DHQ, Sahiwal | Comparison of clinical outcomes of intramedullary nail and dynamic compression plates for treatment of diaphyseal humeral fractures |
| 6. | Dr. Ghulam Sarwar Revised | | Comparison of conventional versus transverse mini-incision technique for carpal tunnel release |
| 7. | Dr. Ateeq Ur Rehman | | Comparison between union and functional outcome in unstable pertrochanteric fractures of femur treated with dynamic hip screw (DHS) or proximal femoral nail (PFN) |
| 8. | Dr. Asif Ali | Prof. Hafiz Muhammad Kamran Siddiqui Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital Multan | Comparison of functional outcome of dynamic condylar screw fixation versus distal femoral locking plates in patients presenting with distal femoral fractures at a tertiary care hospital |
| 9. | Dr. Iftikhar Ahmed | | Comparative analysis of complications of antegrade vs retrograde intramedullary nailing for AO type 32 A & B diaphyseal fractures of femur |
| 10. | Dr. Zunurain | Dr. Muhammad Khalid Chishti Associate Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital Multan | Comparison of functional outcome of distal femoral locking plate versus retrograde femoral nailing for extra articular distal femoral fractures |
| 11. | Dr. Owais Afzal Revised | Dr. Syed Habibullah Shah Associate Professor of Orthopaedics D. G. Khan Medical College/DHQ Teaching Hospital, D. G. Khan | A comparative study of open reduction and internal fixation of Gartland's type III supracondylar fracture of the humerus in children treated by two lateral K-wire fixation versus crossed (medial & lateral) K-wire fixation |

| | | | |
|-----|--|--|--|
| 12. | Dr. Hafiz Muhammad Adnan Haider | Prof. Syed Abrar Hussain Sherazi Professor of Orthopaedics Sargodha Medical College/DHQ Teaching Hospital, Sargodha | Effectiveness of skin traction application in patient with proximal femoral fractures |
| 13. | Dr. Muhammad Aqib Ikram | Prof. Muhammad Zafar Iqbal Professor of Orthopaedics Sheikh Zayed Medical College/Sheikh Zayed Hospital, Rahim Yar Khan | Functional outcome following cement less total hip arthroplasty, A comparative study of posterior versus direct lateral approach |
| 14. | Dr. Sahibzada Aneesullah | Prof. Muhammad Hanif Mian Professor of Orthopaedics Postgraduate Medical Institute/Lahore General Hospital, Lahore | Comparison of outcomes in situ fixation versus TLIF (Transforaminal lumbar interbody fusion) in patients with spondylolisthesis |
| 15. | Dr. Haris Mukhtar Revised | | Outcome of proximal fibular osteotomy in medial compartment knee osteoarthritis |
| 16. | Dr. Syed Zain Abbas | | Outcome of locked reamed intramedullary nail versus K- nail plus augmented plating in aseptic distal femur non union |
| 17. | Dr. Muhammad Waqas Revised | Prof. Riaz Ahmed Ex-Head Department of Orthopaedics Rawalpindi Medical University, Rawalpindi | Comparison of patellar resurfacing versus no resurfacing in patients undergoing total knee arthroplasty in terms of anterior knee pain and range of motion |
| 18. | Dr. Qudous-ul-Hassan | Dr. Usman Zafar Dar Head, Department of Orthopaedics Gujranwala Medical College/DHQ, Gujranwala | To compare the outcome of cannulated cancellous screws versus tension band wiring in patients with medial malleolar fracture |
| 19. | Dr. Omer Farooq | | To compare the outcome of dynamic compression plate fixation versus intramedullary nailing in patients with humerus shaft fracture |
| 20. | Dr. Ali Jarrar Abbas Revised | Prof. Syed Asif Ali Shah Assistant Professor of Orthopaedics Gujranwala Medical College/DHQ, Gujranwala | Comparison of percutaneous versus open K-wire fixation in Gartland type 3 supracondylar humeral fracture in children presented within one week |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Friday, 12th August, 2022** at **09:30 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate | Supervisor | Title |
|---------|---------------------------------------|---|---|
| 1. | Dr. Muhammad Zohaib Ayub | Dr. Muhammad Khalid Chishti Associate Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital, Multan | Comparison of the outcome of below elbow and above elbow cast application among adults presenting with extra articular distal radius fractures at a tertiary care hospital |
| 2. | Dr. Muhammad Jahanzeb | Prof. Hafiz Muhammad Kamran Siddiqui Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital, Multan | Comparison of outcome of elastic intramedullary nailing and pre contoured plating in surgical fixation of displaced mid shaft clavicle fracture |
| 3. | Dr. Zertash Gill | Prof. Shujaat Hussain Professor of Orthopaedics Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur | Comparison of treatment of outcome of management of medial malleolus fracture with tension band wiring and cannulated cancellous screw |
| 4. | Dr. Anique Ajmal | Prof. Muhammad Zafar Iqbal Professor Of Orthopaedics Shaikh Zayed Medical College/Shaiikh Zayed Hospital, Rahim Yar Khan | Comparison of distal femoral plate and retrograde intramedullary nail in the fixation of supracondylar fractures of femur |
| 5. | Dr. Hammad Tahir | Prof. Muhammad Javed Iqbal Professor of Orthopaedics Faisalabad Medical University/Allied Hospital, Faisalabad | Comparison Of Functional Outcome in Gartland's Type III Closed supracondylar fracture in children treated by percutaneous pinning with k-wires versus open reduction internal fixation with k-wires in terms of range of motion |
| 6. | Dr. Mujahid Hussain | | Comparison of treatment of Volar Barton fracture with t-plate using distal end screws and without distal end screws |
| 7. | Dr. Nabi Ahmad | Prof. Syed Asif Ali Shah Professor of Orthopaedics Gujranwala Medical College/DHQ, Gujranwala | Comparison of quadruple hamstring vs double peroneus longus graft arthroscopically in anterior cruciate ligament reconstruction |
| 8. | Dr. Syed Ahtisham Anjam Gilani | Dr. Usman Zafar Dar Assistant Professor of Orthopaedics Gujranwala Medical College/DHQ, Gujranwala | Compare the functional outcome of dynamic hip screw in stable versus unstable intertrochanteric fractures of femur |
| 9. | Dr. Amjad Ali | Prof. Tahseen Raiz Professor of Orthopaedics Allama Iqbal Medical College/Jinnah Hospital, Lahore | Comparison between outcome of J-Nail versus proximal humeral internal locking system plate for proximal humeral fracture in terms of pain and range of motion |
| 10. | Dr. Muhammad Umair | Prof. Muhammad Hanif Mian Professor of Orthopaedics Postgraduate Medical Institute/Lahore General Hospital, Lahore | Comparison of outcomes of percutaneous laser disc decompression versus open discectomy for lumbar disc herniation radiculopathy |
| 11. | Dr. Ifraheem Akhtar | | Comparison of distal femoral locking plate versus dual plating in distal femoral fractures (AO 3.3.C) |
| 12. | Dr. Muhammad Waqas Azam | | Comparison of functional outcomes of arthroscopic Bankart repair vs open Bristow-Latarjet procedure for shoulder joint instability |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Friday, 13th August, 2021** at **9:30 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate of MS. Orthopaedics | Supervisor | Title |
|----------------|--|--|---|
| 1. | Dr. Ahmed Dilawar Khan | Prof. Sheikh Riaz Ahmed Professor of Orthopaedics Rawalpindi Medical University/Allied Hospital Rawalpindi | Comparison of intramedullary interlocking nail versus minimally invasive plate osteosynthesis in extra-articular distal tibia fractures: A Randomized Control Trail |
| 2. | Dr. Muhammad Zubair Khalid | Dr. Syed Habibullah Shah Associate Professor of Orthopaedics D. G. Khan Medical College/DHQ Teaching Hospital, D.G. Khan | Comparison of open reduction and internal fixation with proximal tibial locking plate vs hybrid external fixation for management of proximal tibial fractures (tibial plateau Schatzker VI) |
| 3. | Dr. Shahzad Hussain Gul | Prof. Syed Abrar Hussain Sherazi Professor of Orthopaedics Sargodha Medical College/DHQ Teaching Hospital Sargodha | Comparison of outcome of the patients with Colles fracture treated with K-wire fixation Vs. cast |
| 4. | Dr. Hafiz Aamir Munir | Prof. M. Zafar Iqbal Professor of Orthopaedics Sheikh Zayed Medical College/Sheikh Zayed Hospital Rahim Yar Khan | Comparison of Proximal Femoral Nail (PFN) and Dynamic Hip Screw (DHS) for the treatment of AO type A2 intertrochanteric fractures of femur |
| 5. | Dr. Hassan Khalid | | Frequency of union and infection rate of unreamed interlocked intramedullary nail for Gustillo and Andreson type I, II and IIIA open fracture shaft of tibia |
| 6. | Dr. Iftikhar Ahmad | Prof. Muhammad Kamran Siddiqui Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital Multan | Comparative analysis of functional outcome of antegrade with retrograde intramedullary nailing for infra isthmal femoral shaft fractures |
| 7. | Dr. Waqar Ahmed | Dr. Tanveer Haider Associate Professor of Orthopaedics Khawaja Muhammad Safdar Medical College/ Allama Iqbal Teaching Hospital Sialkot | Comparison of functional outcome of olecranon fracture with open reduction internal fixation by tension band wiring vs pre-contoured locking plate |
| 8. | Dr. Muhammad Ahmed | Prof. Syed Asif Ali Shah Professor of Orthopaedics Gujranwala Medical College/DHQ Teaching Hospital Gujranwala | To compare the functional outcome of K-wire versus volar plate in extra articular fractures of distal radius in adults |
| 9. | Dr. Muneeb Ahmed Cheema | | Comparison of antegrade and retrograde intramedullary nailing of distal femoral fractures in terms of knee pain and knee range of motion |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Friday, 14th October, 2022 at 10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate | Supervisor | Title |
|----------------|--|---|--|
| 1. | Dr. Muhammad Asim Shahzad | Dr. Naseer Ahmad Ch. Head, Department of Orthopaedics Shaikh Zayed Medical College, Rahim Yar Khan | Functional outcome of Schatzker type V and type VI of proximal tibia treated with dual plating and Ilizarov fixator A prospective comparative study |
| 2. | Dr. Adeel Faisal Haral | Prof. Hafiz Muhammad Kamran Siddiqui Professor of Orthopaedic Surgery Nishtar Medical University, Multan | Comparison of functional outcome and union rate of Proximal Femoral Nailing (PFNA) and Proximal Femoral Locking Plate (PFLP) for intertrochanteric femur fracture in AO type 31A2 and 31A3 |
| 3. | Dr. Muhammad Irfan Shafi | Dr. Muhammad Khalid Chishti Associate Professor of Orthopaedic Surgery Nishtar Medical University, Multan | Comparison of fracture union and outcome by minimally invasive plate osteosynthesis vs shortened intramedullary nailing in AO type 43A1, 43A2 and 43A3 distal tibia fractures |
| 4. | Dr. Hassan Fareed | Dr. Rana Dawood Ahmed Khan Assistant Professor of Orthopaedics Faisalabad Medical University, Faisalabad | Comparative study of outcomes of displaced clavicle fracture in patients treated with polysling versus plate osteosynthesis |
| 5. | Dr. Muhammad Usama Akram | Prof. Haroon Ur Rehman Gillani Professor of Orthopaedic Surgery Sahiwal Medical College, Sahiwal | Comparison of functional and radiological outcomes of olecranon fractures (Mayo type IA and IIA) treated with tension band wiring with Kirschner wires to intramedullary screw fixation |
| 6. | Dr. Mian Muhammad Sohaib Arshad | Prof. Tahseen Raiz Professor of Orthopaedics Surgery Allama Iqbal Medical College, Lahore | Comparison of outcomes of open versus arthroscopic stabilization of recurrent anterior shoulder dislocation |
| 7. | Dr. Syed Murtaza Ali Zaidi | | Comparison between functional outcome of mini-open versus arthroscopic repair of rotator cuff tear |
| 8. | Dr. Moavia Ehsan | | Comparison of outcome of Ilizarov external fixator versus NA external fixation in infected non-union tibial fracture |
| 9. | Dr. Shafqat Abbas Raza Khan | Dr. Syed Wasif Ali Shah Associate Professor of Orthopaedic Surgery Shaikh Zayed Postgraduate Medical Institute, Lahore | Reverse less invasive stabilization system plating versus dynamic condylar screw fixation in sub-trochanteric fractures of femur |
| 10. | Dr. Adnan Maqbool | | Comparison of outcome of tibial fixation with or without fibular fixation in closed extra-articular distal tibiofibular fractures on type 43A |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Friday, 20th January, 2023 at 10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate | Supervisor | Title |
|----------------|---|---|--|
| 1. | Dr. Hafiz Muhammad Jamal Fareed | Prof. Muhammad Hanif Mian Head, Department of Orthopaedics Postgraduate Medical Institute Lahore | Comparison of outcomes of anterior cervical discectomy and fusion using self locking stand alone anchored cage versus tri cortical bone graft from iliac crest with anterior plate in degenerative cervical disc disease |
| 2. | Dr. Muhammad Usman | | Outcome of patients treated with posterior closing wedge osteotomy for post tubercular kyphosis |
| 3. | Dr. Mukhtar Liaqat | Prof. Ali Raza Hashmi Head, Department of Orthopaedic Surgery Services Institute of Medical Sciences Lahore | To compare the donor site morbidity between the peroneus longus and hamstring tendon in arthroscopic assisted ACL reconstruction |
| 4. | Dr. Muhammad Mohsin Bajwa | Prof. Syed Asif Ali Shah Professor of Orthopaedics Gujranwala Medical College Gujranwala | To compare the outcome of cannulated screws versus plate fixation for sanders type II & III calcaneal fractures |
| 5. | Dr. Muhammad Umar Elahi | Dr. Usman Zafar Dar Assistant Professor Orthopedics Department Gujranwala Medical College Gujranwala | Comparison of functional and radiological outcomes of orthogonal versus parallel plate fixation in AO type C closed fractures for distal humerus in age 20-40 years |
| 6. | Dr. Hafiz Muhammad Abu Bakar Ata | Prof. Syed Abrar Hussain Sherazi Head, Department of Orthopaedics Sargodha Medical College, Sargodha | Functional outcome of bipolar versus Austin Moore hip hemiarthroplasty prosthesis in femur neck fracture |
| 7. | Dr. Muhammad Jahanzeb | Prof. Hafiz Muhammad Kamran Siddiqui Professor of Orthopaedic Surgery Nishtar Medical University, Multan | Comparison of outcome of elastic intramedullary nailing and pre contoured plating in surgical fixation of displaced mid shaft clavicle fracture |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Thursday, 21st October, 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate of MS. Orthopaedics | Supervisor | Title |
|----------------|--|---|--|
| 1. | Dr. Muhammad Omer Sabir (Revised) | Prof. Syed Asif Ali Shah Professor of Orthopaedics Gujranwala Medical College/DHQ Teaching Hospital Gujranwala | To compare the results of close femoral diaphyseal fractures in children of age group 5 to 11 years treated with Ao-external fixator versus titanium elastic nail in terms of union time & complications |
| 2. | Dr. Farrukh Fazal (Revised) | | Comparison between proximal femoral nail antirotation and dynamic hip screw in terms of loss of reduction, fracture healing and functional outcome for pertrochanteric femur fracture fixation in patients of >18years age |
| 3. | Dr. Muhammad Usman | Prof. Muhammad Hanif Professor of Orthopaedics Postgraduate Medical Institute/Lahore General Hospital, Lahore | Outcome of patients treated with posterior closing wedge osteotomy for post-tubercular kyphosis |
| 4. | Dr. M. Faiz Tahir | Prof. Adil Raza Hashmi Professor of Orthopaedics Services Institute of Medical Sciences/Services Hospital, Lahore | De quervain's tenosynovitis treated with steroid injection compared with conservative management |
| 5. | Dr. Arif Hussain | Prof. Faisal Mushtaq Professor of Orthopaedics Unit-II Services Institute of Medical Sciences/Services Hospital, Lahore | Pinning of distal radius fractures under hematoma block versus general anaesthesia |
| 6. | Dr. Muhammad Umar Ijaz | Dr. Syed Wasif Ali Shah Head, Department of Orthopaedics Shaikh Zayed Postgraduate Medical Institute, Lahore | Open reduction and internal fixation with anatomical plate versus conservative management in treatment of displaced lateral 1/3 rd of clavicular fractures |
| 7. | Dr. Rizwan Ali | Dr. Muhammad Khalid Chishti Assistant Professor of Orthopaedics Nishtar Medical University/Nishtar Hospital Multan | Comparison of functional outcomes of closed reduction and cast application versus close reduction and percutaneous K-wire fixation and cast application for extra-articular distal radius fractures in adults |
| 8. | Dr. Muhammad Junaid (Revised) | | Comparison of proximal femoral nail versus dynamic hip screw fixation in the management of type II intertrochanteric fractures in term of functional outcome and fracture healing at a tertiary care hospital |
| 9. | Dr. Owais Afzal | Dr. Syed Habibullah Shah Associate Professor of Orthopaedics D. G. Khan Medical College/DHQ Teaching Hospital, D.G. Khan | Open reduction and internal fixation of displaced supracondylar fracture humerus in children at district D. G. Khan |
| 10. | Dr. Muhammad Aqib Ikram | Dr. Muhammad Zafar Iqbal Head, Department of Orthopaedics Sheikh Zayed Medical College/Sheikh Zayed Hospital, Rahim Yar Khan | Rate of dislocation following cementless total hip arthroplasty, a comparative study of posterior versus direct lateral approach |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Friday, 23rd September, 2022 at 10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate | Supervisor | Title |
|---------|---|--|--|
| 1. | Dr. Zain Ul Abidin | Dr. Haroon Ur Rehman Gillani Head, Department of Orthopaedics Sahiwal Medical College/Sahiwal Teaching Hospital, Sahiwal | Comparison of rate of union between minimally invasive plate osteosynthesis (MIPO) and intramedullary nailing (IMN) technique in closed 1/3 rd type 43A distal tibia fracture in AO classification of fractures |
| 2. | Dr. Rana Muhammad Gulman Ashraf (Revised) | Prof. Shujaat Hussain Professor of Orthopaedics Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur | Comparison of the functional outcome of the elbow using Flynn criteria after fixation of the lateral condyle fracture of humerus in children by two different surgical approaches |
| 3. | Dr. Muhammad Aamir Zaffar (Revised) | | Comparison of the functional outcomes of elbow after fixation distal humerus fracture (type C) by triceps reflecting anconeus pedicle approach (TRAP) versus olecranon osteotomy approach in adults |
| 4. | Dr. Anser Abbas (Revised) | | Comparative study of outcome of open versus endoscopic carpal tunnel release |
| 5. | Dr. Muhammad Yaqoob | | Comparison of clinical and radiological outcomes in open reduction and internal fixation versus Ilizarov for Schatzker type-V and type-VI fractures in patients of age 20 years to 70 years |
| 6. | Dr. Muhammad Imtiaz Ullah | | Comparative study of functional outcomes of cemented and uncemented total hip replacement |
| 7. | Dr. Hashim Khan | Dr. Shafqat Wasim Associate Professor of Orthopaedics Services Institute of Medical Sciences/Services hospital, Lahore | Comparative studies on intramedullary nailing versus AO external fixation in the management of Gustilo type 3A in tibial shaft |
| 8. | Dr. Nauman Naeem | Prof. Tahseen Raiz Professor of Orthopaedics Allama Iqbal Medical College/Jinnah Hospital, Lahore | Comparison of outcome of percutaneous fixation versus open reduction and internal fixation of anterior column fracture of Acetabulum in terms of post operative pain |
| 9. | Dr. Muhammad Shoaib Idrees | Prof. Muhammad Hanif Mian Professor of Orthopaedics Postgraduate Medical Institute/Lahore General Hospital, Lahore | Comparison of outcome of infected non-union femur treated with debridement and antibiotic nail versus external fixator |
| 10. | Dr. Husnain khalid | | Comparison between hook plate versus modified Weaver-Dunn procedure for unstable acromioclavicular joint disruption |
| 11. | Dr. Muhammad Talha Naeem | | Comparison of outcomes of arthroscopic reconstruction using hamstring tendon versus peroneus longus tendon graft in patients with anterior cruciate ligament injury |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Orthopaedics** to be held on **Friday, 30th July, 2021** at **9:30 a.m.** in University of Health Sciences, Lahore.

AGENDA

| Sr. No. | Name of Candidate of MS. Orthopaedics | Supervisor | Title |
|----------------|--|---|---|
| 1. | Dr. Muhammad Mamoon Younis | Prof. Ali Raza Hashmi Professor of Orthopaedics Services Institute of Medical Sciences /Services Hospital, Lahore | Hybrid external fixator in management of proximal tibial fracture |
| 2. | Dr. Maher Shahzad Ali Haider | | Comparison of mean change in pain score after infiltration of autologous blood injection versus steroid injection for treatment of planter fasciitis |
| 3. | Dr. Muhammad Aamir Zaffar | Prof. Shujaat Hussain Professor of Orthopaedics Quaid-e-Azam Medical College/Bahawal Victoria Hospital Bahawalpur | Comparison of clinical outcomes in Total Hip Replacement (THR) with or without drain |
| 4. | Dr. Muhammad Shahbaz Khaliq | | Comparison of functional outcome of ACL reconstruction using patellar bone tendon bone graft with hamstring tendon |
| 5. | Dr. Fahad Naseer | | Comparative study of outcome of direct lateral approach (HARDINGE) Vs posterior approach (MOORE) in total HIP arthroplasty for femur neck fractures |
| 6. | Dr. Muhammad Irfan Bhatti | | Comparative study of proximal femoral nail and dynamic HIP screw for treatment of intertrochanteric fracture of femur |
| 7. | Dr. Farhan Maqsood Goraya | Prof. Syed Asif Ali Shah Professor of Orthopaedics Gujranwala Medical College/DHQ Teaching Hospital Gujranwala | Comparative study between interlocking nail and distal tibial locking plate in distal 1/3 rd tibial fractures |
| 8. | Dr. Jawad Iftikhar | | Outcomes of early vs delayed fixation of open type IIIA fractures of distal femur after initial debridement with distal femoral locking plate |
| 9. | Dr. Ahmed Umair Asad Khan | Prof. Muhammad Hanif Mian Professor of Orthopaedics Postgraduate Medical Institute/Lahore General Hospital Lahore | Comparison of clinical outcome of kyphoplasty through transpedicular approach Vs extrapedicular approach in patients with osteoporotic vertebral fracture |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **Orthopaedics** to be held on **Tuesday, 30th January 2024 at 10:00 a.m.** in Room# 40, University of Health Sciences, Lahore.

| Sr. No. | Name of Candidate | Supervisor | Date of Submission | Title |
|----------------|---|---|---------------------------|---|
| 1. | Dr. Muhammad Muntazir Mehdee 2020-21 | Prof. Hafiz Muhammad Kamran Siddiqui Nishtar Medical University, Multan | 02-Nov-23 | Comparison of functional and radiological outcomes of olecranon fractures (Mayo type IA and IIA) treated with tension band wiring to hookplate fixation techniques |
| 2. | Dr. Mohsin Abdul Wahid 2022-23 | Prof. Haroon-ur-Rehman Gillani Sahiwal Medical College, Sahiwal | 07-Nov-23 | Comparison of intra articular steroid injection vs intra articular platelet rich plasma for treatment of osteoarthritis of knee joint. A randomized trial |
| 3. | Dr. Muhammad Saadat ullah 2021-22 | Prof. Syed Asif Ali Prof of Orthopedics Gujranwala Medical College, Gujranwala | 14-Nov-23 | Comparison of dynamic compression plating (DCP) & elastic stable intramedullary nailing (ESIN) in diaphyseal fracture of radius and ulna in adolescents (7-14yr) in terms of union and functional outcome |
| 4. | Dr. Muhammad Wahab Ullah 2022-23 | Prof. Farooq Azam Khan Sharif Medical City Hospital, Lahore | 13-Dec-23 | Comparison of peroneus longus tendon graft versus hamstrings tendon graft in anterior cruciate ligament reconstruction |
| 5. | Dr. Muhammad Ilyas (Revised) | Dr. Naseer Ahmad Associate Professor of Orthopaedics Sheikh Zayed Medical College Rahim Yar Khan | | Comparative analysis of radiological union and functional outcome of type C1 distal femur fractures treated with distal femur locking plate versus dynamic condylar screw |
| 6. | Dr. Shahzad Khan | Prof. Shujaat Hussain Professor of Orthopaedics Quaid-e-Azam Medical College Bahawalpur | | A comparative study between dynamic compression plate and interlocking nail of humerus shaft fracture in terms of union and pain |
| 7. | Dr. Muhammad Bilal Yasin | Dr. Shahid Mahmood Assistant Professor of Orthopaedics Quaid-e-Azam Medical College Bahawalpur | | Comparative study of clinical outcomes of open versus arthroscopic anterior cruciate ligament reconstruction |

| | | | | |
|-----|---|--|--|--|
| 8. | Dr. Muhammad Zohaib Ayub (Revised) | Dr. Muhammad Khalid Chishti Associate Professor of Orthopaedic Surgery Nishtar Medical University, Multan | | Comparison of the outcome of anterior versus posterior approach for hemi-replacement arthroplasty for intracapsular neck of femur fracture |
| 9. | Dr. Hassan Fareed (Revised) | Dr. Rana Dawood Ahmed Khan Assistant Professor of Orthopaedics Faisalabad Medical University Faisalabad | | Comparison of union and functional outcome in antero-inferior versus superior plating techniques for displaced midshaft clavicle fractures |
| 10. | Dr. Mukhtar Liaqat (Revised) | Dr. Mohammad Akhtar Associate Professor of Orthopaedics Services Institute of Medical Sciences, Lahore | | To compare the donor site morbidity between the peroneus longus and hamstring tendon in arthroscopic assisted ACL reconstruction |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **Orthopaedics** to be held on **Friday, 16th August, 2024** at **10:00 a.m.** in, University of Health Sciences, Lahore.

| Sr. No. | Name of Candidate | Supervisor | Date of Submission/ Number of Submission | Title |
|---------|----------------------------------|---|---|--|
| 1. | Dr. Muhammad Saad 2021-22 | Prof. Haroon Ur Rehman Gillani Head Department of Orthopedic Surgery Sahiwal Medical college, Sahiwal | 22-May-24/ 02 | To evaluate the functional outcome between the two-strand modified kessler repair and the four-strand cruciate mclarney repair techniques in flexor tendons injuries of hand in adults |
| 2. | Dr. Qurban Ali 2021-22 | Prof. Muhammad Imran Haider Professor of Orthopedic Surgery Nishtar Medical University, Multan | 5-Jun-24/ 01 | Comparison of functional outcome of arthroscopic assisted all inside reconstruction of anterior cruciate ligament (ACL) versus complete tibial tunnel at a tertiary care hospital |

| | | | | |
|----|---------------------------------------|--|------------------|--|
| 3. | Dr. Shaharyar Hussain 2022-23 | Dr. Arif Mahmood Assistant Professor of Orthopedic Services Institute of Medical Sciences, Lahore | 13-Jun-24 | Dorsal bridge plating versus bridging external fixator for management of communicated distal radius fractures |
| 4. | Dr. Sohaib Ilyas Cheema 2019-20 | Prof. Muhammad Hanif Head Department of Orthopedic Postgraduate Medical Institute, Lahore | 21-Jun-24/ 01 | Comparison of outcome of modified kalafong procedure with cage tricortical bone graft in thoracolumbar carries spine |
| 5. | Dr. Muhammad Junaid Saleem 2016 | Prof. Javid Hassan Raza Khan Head Department of Orthopedic Allama Iqbal Medical Colleg, Lahore | 24-Jun-24/ 01 | Comparison between the functional outcomes of the all-soft-tissue quadricep tendon versus hamstring autograft in primary ACL reconstruction |
| 6. | Dr. Muhammad Sohail Asghar 2018-19 | Prof. Shujaat Hussain Head Department of Orthopedic Quaid-e-Azam Medical College, Bahawalpur | 26-Jun-24/ 02 | Comparison of the union rate between two techniques minimally invasive plae osteosynthesis v/s intramedullary expert nailing in the treatment of distal extra articular tibial fractures |

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **Orthopaedics** to be held on **Friday, 12th July, 2024 at 10:00 a.m.** in, University of Health Sciences, Lahore.

| Sr. No. | Name of Candidate | Supervisor | Date of Submission/ Number of Submission | Title |
|---------|--------------------------------------|--|---|--|
| 1. | Dr. Talha Iqbal 2021-22 | Dr. Javed Hassan Raza Associate Professor of Orthopedic Surgery Allama Iqbal Medical College, Lahore | 25-Jan-24/ 01 | Comparsion of functional outcome of ACL reconstruction with peroneus longus vs hamstring tendom graft in patients with complete ACL tear |
| 2. | Dr. Shahzad Hussain Gul 2017-2018 | Prof. Dr. Syed Abrar Hussain Sherazi Professor of Orthopedic Surgery Sargodha Medical College, Sargodha | 14-Feb-24/ 01 | comparison of functional outcome of the patients with colles fracture treated with K-wire fixation vs cast |

| | | | | |
|----|--------------------------------------|--|------------------|---|
| 3. | Dr. Muhammad Usama Khalid 2022-23 | Dr. Haroon-Ur-Rehman Gillani Head Department of Orthopaedic Surgery Sahiwal Medical College Sahiwal | 5-Mar-24/ 01 | Comparison of hemiarthroplasty and total hip arthroplasty in elderly patients with displaced femoral neck fractures |
| 4. | Dr. Muhammad Usama Akram 2019-20 | Dr. Haroon-Ur-Rehman Gillani Head Department of Orthopaedic Surgery Sahiwal Medical College Sahiwal | 22-May-24/ 01 | Comparison of Functional and Radiological outcomes of olecranon fractures (Mayo type IA and IIA) treated with tension band wiring with kirschner wires to intramedullary screw fixation |
| 5. | Dr. Irfan Jaleel 2021-22 | Dr. Syed Habibullah Shah Associate Professor of Orthopaedic Surgery D.G. Khan Medical College, Dera Ghazi Khan | 11-Mar-24/ 01 | Comparison of effectiveness of peroneus longus tendon graft and bone-patellar tendon-bone graft for anterior cruciate ligament reconstruction |
| 6. | Dr. Abdul Basit Maqbool 2021-22 | Prof. Dr. Muhammad Hanif Mian Head of Department Postgraduate Medical Institute, Lahore | 18-Mar-24/ 02 | Comparison of Functional outcome after posterior cruciate ligament reconstruction of knee joint using peroneus longus graft versus hamstring tendon graft |
| 7. | Dr. Muhammad Ibrahim 2021-22 | Dr. M. Akhtar Malik Associate Professor Department of Orthopedic Services Institute of Medical Sciences Lahore | 22-Apr-24/ 02 | Comparison of Dynamic condylar screw (DCS) and Proximal Femoral Locking Compression Plate (PFLCP) for subtrochanteric femur fractures: functional outcome and union |
| 8. | Dr. Muhammad Shafiq Salik 2022-23 | Dr. Imran Haider Qaisrani Assistant Professor of Orthopedics Nishtar Medical University, Multan | 23-Apr-24/ 01 | Comparison of functional outcome of posterior approach versus lateral approach among patients undergoing total HIP replacement |
| 9. | Dr. Shahzad Khan 2021-22 | Dr. Shahid Mahmood Assitant Professor of Department of Orthopedic Surgery Quaid-e-Azam Medical College Bahawalpur. | 10-May-24/ 02 | Outcome-based comparison between dynamic compression plate and retrograde titanium elastic nail in humerus shaft fractures |
| 10 | Dr. Sajjad Tassarwar 2021-22 | Prof. Dr. Muhammad Khalid Chisthi Professor of Orthospedic Surgery | 5-Jun-24/ 01 | Comparison of functional outcome and mean duration of surgery of dual plating versus single plate in patients presenting with distal femoral fractures with metaphyseal |

| | | | | |
|--|--|------------------------------------|--|---|
| | | Nishtar Medical University, Multan | | comminution (33C) at a tertiary care hospital |
|--|--|------------------------------------|--|---|

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **Orthopaedics** to be held on **5th April 2024** at **10:00 a.m.** in, University of Health Sciences, Lahore.

| Sr. No. | Name of Candidate | Supervisor | Date of Submission/ Number of Submission | Title | |
|---------|--------------------------------------|--|---|---|--|
| 1. | Dr. Muhammad Sohail Asghar (2018-19) | Professor Dr. Shujaat Hussain Head of Orthopedic Department Quaid-e-Azam Medical College, Bahawalpur | 26-Feb-24/2 nd | Comparison of the union rate between two techniques minimally invasive plate osteosynthesis vs intramedullary expert nailing in the treatment of distal extra articular tibial fractures | |
| 2. | Dr. Muhammad Saad (2021-22) | Dr. Haroon-Ur-Rehman Gillani Head Department of Orthopaedic Surgery Sahiwal Medical College Sahiwal | 20-Feb-24/1 st | A double blind randomized control study of analyze clinical outcomes between the two-strand modified kessler repair and the four-strand cruciate mclarney repair techniques following passive motion protocol in adults | |
| 3. | Dr. Saad Ahmad (2022-23) | Prof. Dr. M. Khalid Syed Head of Department Postgraduate Medical Institute, Lahore | 20-Feb-24/1 st | Comparison between functional outcomes of tension band wiring vs dorsal contouring plate in transverse fractures of patella | |
| 4. | Dr. Umar Iqbal (2019-20) | Dr. M. Akhtar Malik Associate Professor Department of Orthopedic Services Institute of Medical Sciences Lahore | 10-Jan-24/1 st | Comparison of outcome of titanium elastic nailing system (tens) verses dynamic compressions plates (DCP) in radius-ulna diaphysis fracture in pediatric population | |
| 5. | Dr. Asad Munir (2019-20) | Dr. Shafqat Wasim Department of Orthopedic Surgery Service Institute of Medical Sciences, Lahore. | 31-Oct-23/1 st | Comparison of intramedullary nailing with adjunct plating versus intramedullary nailing with blocking screw for proximal shaft of tibia fracture | |

| | | | | | |
|----|--------------------------------------|--|---------------------------|---|--|
| 6. | Dr. Nauman Naeem Ahmed 2019-20 | Prof. Javed Hassan Raza Khan Associate Prof. Department of Orthopedic Surgery Allama Iqbal Medical College Lahore | 31-May-23/1 st | Comparison of modified stoppa and ilioinguinal approach for anterior column fixation of acetabulum in terms of early post-operative complications | |
|----|--------------------------------------|--|---------------------------|---|--|

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **Orthopaedics** to be held on **Friday, 01st March 2024** at **10:00 a.m.** in, University of Health Sciences, Lahore.

| Sr. No. | Name of Candidate | Supervisor | Date of Submission | Title |
|---------|-----------------------------------|---|--------------------|--|
| 1. | Dr. Waseem Subhan 2021-22 | Prof. Mian M. Hanif Head of Department Orthopedic and Spine Surgery PGMI Lahore. | 11-Sep-23 | Comparison of outcomes of anterior column fixation of acetabulum between stoppa approach and ilioinguinal approach |
| 2. | Dr. Safi Ullah Sardar 2020-21 | Prof. Mian M. Hanif Head of Department Orthopedic and Spine Surgery PGMI Lahore. | 12-Sep-22 | Comparison between synthetic bone substitute and autograft in treatment of aneurysmal bone cysts of long bones in terms of healing |
| 3. | Dr. Faheem Hussain 2022-23 | Prof. Sajjad Hussain Goraya Department of Orthopedic Surgery Allama Iqbal Medical College, Lahore | 22-May-23 | In vivo comparison of a fixed loop (endobutton CL) with an adjustable loop (Tightrope RT) device for femoral fixation of the graft in ACL reconstruction: A prospective randomized study. |
| 4. | Dr. Nauman Naeem Ahmed 2019-20 | Prof. Javed Hassan Raza Khan Associate Prof. Department of Orthopedic Surgery Allama Iqbal Medical College Lahore | 31-May-23 | Comparison of modified stoppa and ilioinguinal approach for anterior column fixation of acetabulum in terms of early post-operative complications |
| 5. | Dr. Saqib Shahzad 2020-21 | Dr. M. Akhtar Malik Associate Professor Department of Orthopedic Service Hospital Lahore | 3-Oct-23 | Comparative study of functional outcomes of proximal humerus internal locking system (Philos) plating vs percutaneous pinning in patients with near type 3 and type 4 proximal humeral fractures |
| 6. | Dr. Muhammad Ibrahim 2021-22 | Dr. M. Akhtar Malik Associate Professor Department of Orthopedic Service Hospital Lahore | 21-Sep-23 | Functional outcome of proximal femoral nail antirotation (PFNA) vs proximal femoral locking plate (PFLP) in subtrochanteric fracture of femur |

| | | | | |
|-----|---|--|-----------|---|
| 7. | Dr. Muhammad Tayyab ul Islam 2021-22 | Dr. Shahid Mahmood Assistant Professor of Orthopaedics Quaid-e-Azam Medical College Bahawalpur | 12-Sep-23 | Comparative study for the treatment outcomes of humeral lateral epcondylitis with platelet-rich plasma vs corticosteroids |
| 8. | Dr. Muhammad Umar Ijaz 2018-19 | Dr. Haroon-Ur-Rehman Gillani Department of Orthopaedics Sahiwal Medical College Sahiwal | 6-Jul-23 | Comparison of medial parapatellar tendon approach vs trans-patellar tendon approach of intramedullar interlocking nail for diaphyseal tibial fractures |
| 9. | Dr. Rana Danish Iftikhar 2019-20 | Dr. Haroon-Ur-Rehman Gillani Department of Orthopaedics Sahiwal Medical College Sahiwal | 16-May-23 | Comparison of functional outcome of external fixation with orthofix versus external fixation with orthofix supplemented by K-wires in distal radius intra-articular comminuted fractures (23C3) |
| 10. | Dr. Muhammad Zulqarnain 2021-22 | Dr. Muhammad Imran Haider Assistant Professor of Orthopedic Surgery Nishtar Medical University, Multan | 30-May-23 | Comparison of union and functional outcome of closed retrograde nailing and mippo (minimally invasive percutaneous plate osteosynthesis distal femoral locking plate fixation for distal femoral fractures AO type 33A1, A2 and A3) |
| 11. | Dr. Muhammad Wahab Ullah 2022-23 | Prof. Farooq Azam Khan Sharif Medical City Hospital, Lahore | 13-Dec-23 | Comparison of peroneus longus tendon graft versus hamstrings tendon graft in anterior cruciate ligament reconstruction |
| 12. | Dr. Mukhtar Liaqat (Revised) | Dr. Mohammad Akhtar Associate Professor of Orthopaedics Services Institute of Medical Sciences, Lahore | 24-Aug-23 | To compare the donor site morbidity between the peroneus longus and hamstring tendon in arthroscopic assisted ACL reconstruction |
