

MBBS FIRST PROFESSIONAL (PART - I)
TABLE OF SPECIFICATIONS

Anatomy			
Region	Topics	MCQ'S 45	SEQ's 9
General Anatomy	Introduction, planes, terms	1	In reference to Upper & Lower limbs
	Skeletal System	1	
	Muscular System	1	
	Nervous System	1	
	Cardiovascular System	1	
	Splanchnology & Skin	1	
	Arthrology	1	
	Embalming, museum keeping, Exploring the human body	1	
General Histology	Cell	1	1
	Epithelium	1	
	Connective Tissue	2	
	Muscle Tissue	1	
	Nervous Tissue	1	
	Skin except mammary gland	1	
	Immune System	1	
	Vascular System	1	
General Embryology	Reproduction of cell, Gametogenesis	1	1
	Fertilization, Development 1-2 weeks	1	
	Development 3-4 weeks	1	
	Medical Genetics, Birth defects	1	1
	Fetal membranes & Placenta	1	
	Organo genetic period Fetal period	1	
	Multiple Births Perinatology	1	
Upper Limb	Pectoral Region, Shoulder region, Axilla	2	1
	Upper arm	1	
	Forearm	2	1
	Hand	2	
Lower Limb	Gluteal region	1	1
	Thigh	2	
	Leg	2	1
	Foot	2	
Central Nervous System	Spinal Cord	1	1
	Brainstem	1	
	Cerebellum	1	
	Diencephalon	1	1
	Meninges, Ventricles, Blood Supply	1	
	Cerebral Cortex, Basal nuclei	1	
	Limbic System, White mater	1	

1. 25% MCQ's and SEQ's should be clinical oriented or problem based

2. In each limb, an equal distribution should be practiced for the following tissues

- | | | |
|-------------------------------|------------|-----------|
| 1. Skin | 2. Muscles | 3. Bones |
| 4. Connective Tissue sheathes | | 5. Joints |
| 6. Nerves | 7. Vessels | |

3. SEQs of general anatomy may be asked in reference to upper and lower limb
