

Format (Practical Examination / OSPE)

MBBS First Professional Examination (Part-II)

ANATOMY (PART-II)

BREAK UP OF AWARDS

PRACTICAL OSPE			STRUCTURED VIVA						Oral and Practical Examination 90
Gross	Histology	Total of GS & Histology	Surface Anatomy	Head and Neck	Brain and Spinal Cord	Abdomen	Pelvis	Systemic Embryology	
Spotting 25	Spotting 20	45	(atleast 01 Q. Of 05 marks)	(atleast 02 Qs. Of 05 marks each)	(atleast 01 Q. Of 05 marks)	(atleast 02 Qs. Of 05 marks each)	(atleast 01 Q. Of 05 marks)	(atleast 02 Qs. Of 05 marks each)	

DISTRIBUTION OF MARKS:

Total Marks = 25

Total Stations = 10 (3 minutes at each station)

Each Station = 05 Identification Spots, each spot of 0.5 Marks which makes 2.5 Marks for each station (2.5 x 10 stations = 25)

STATION – 1 (HEAD):

2.5 Marks

05 identification spots (Each 0.5 Marks)

- Soft Parts

STATION – 2 & 3 (NECK):

2.5 Marks for each station

05 identification spots per station (Each 0.5 Marks)

- Soft Parts

STATION – 4 (Brain and Spinal Cord):

2.5 Marks

05 identification spots (Each 0.5 Marks)

- Soft Parts

STATION – 5 & 6 (ABDOMEN):

2.5 Marks for each station

05 identification spots per station (Each 0.5 Marks)

- Soft Parts

STATION – 7 (PELVIS):

2.5 Marks

05 identification spots (Each 0.5 Marks)

- Soft Parts

STATION – 8 & 9 (EMBRYOLOGY):

2.5 Marks for each station

05 identification spots per station (Each 0.5 Marks)

- Models / Figures

STATION – 10 (RADIOLOGY):

2.5 Marks

05 identification spots (Each 0.5 Marks)

- X-Rays of Head, Neck, Abdomen and Pelvis

HISTOLOGY (20 Marks):

SPOTTING: 10 marks

10 Stations (each of 02 marks and 02 minutes at each station)

- Identify (1 mark)
- 02 specific Identification points (0.5+0.5)

VIVA VOCE:

At least 09 Questions each carrying 05 marks will be asked from each candidate with the following weightage:

- Surface Anatomy - 1
- Head and Neck - 2
- Brain and Spinal Cord - 1
- Abdomen - 2
- Pelvis - 1
- Embryology - 2
