WORKSHOP DESCRIPTION

Description: This workshop is designed to enhance participants with the essential skills and knowledge required for effective medical writing. It covers a range of topics from understanding components of medical writing, to interpreting data, writing manuscript and publication ethics.

Target Audience: Healthcare professionals, undergraduate and postgraduate medical, dental, and Allied health sciences and nursing students.

Workshop Structure: It will be a blend of interactive sessions and hands on writing exercises. Participants will receive constructive feedback on their work.

Duration and Time: 4 hours from 9.00 am to 1.00pm

Format: in-person session

Workshop Fee: 1000 PKR

Learning Objectives: At the end of the workshop participants will be able to:

1. Outline the structure of a research paper
2. Select an effective title
3. Draft a compelling introduction
4. Develop a strong methodology section
5. Present data effectively in the results section
6. Interpret data in the discussion and conclusion sections
7. Compose a concise abstract
8. Write references in proper format
9. Enhance writing quality and clarity
10. Outline the structure of a research paper
11. Understand and apply publication ethics
