

# **UNIVERSITY OF HEALTH SCIENCES, LAHORE**

Agenda of 18<sup>th</sup> Meeting of Specialty Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 06<sup>th</sup> March 2026** at **09:00 A.M. in** University of Health Sciences, Lahore.

## **AGENDA**

| <b>Sr. #</b> | <b>Name of Candidate</b> | <b>Proposed Supervisor</b>  | <b>Date/Number of Submission</b> | <b>Title</b>   |
|--------------|--------------------------|---|----------------------------------|--|
| 1.           | Dr. Faran Khursheed      | Dr. Yaseen Rafi, Prof. of General Surgery, Services Institute of Medical Sciences, Lahore                     | 16-Jan-26                        | Comparison of outcomes of curettage alone versus curettage plus crystallized phenol for the treatment of pilonidal sinus   |
| 2.           | Dr. Hamza Arif           | Dr. Muhammad Farrukh Aftab, Professor of General Surgery, Nishtar Medical University, Multan                  | 20-Jan-26                        | comparison of healing by primary intention vs secondary intention after partial nail removal of ingrown toenail  |
| 3.           | Dr. Jawad Hussain        | Dr. Masood Rauf Hiraj, Assoc. Prof. of General Surgery, Nishtar Medical University, Multan                    | 23-Jan-26                        | comparison of outcome of ileostomy reversal with nasogastric tube versus without nasogastric tube at a tertiary care Hospital  |
| 4.           | Dr. Anam rubab           | Dr. Allah Nawaz Assistant Professor of General Surgery Sargodha Medical College, Sargodha                     | 27-Jan-26                        | Comparison of modified Boey score and mannheim peritonitis index in predicting morbidity and mortality in perforated peptic ulcer disease complicated by diffuse peritonitis   |
| 5.           | Ahsan Ali                | Dr. Muhammad Lateef, Assistant Professor of General Surgery, Khawaja Muhammad Safdar Medical College, Sialkot | 28-Jan-26                        | Effectiveness of Quilting sutures vs subcutaneous suction drain to prevent seroma formation in ventral hernia surgery  |
| 6.           | Dr. Javeria Ayyaz        | Dr. Muhammad Lateef, Assistant Professor of General Surgery, Khawaja Muhammad Safdar Medical College, Sialkot | 28-Jan-26                        | Comparison of outcomes between conventional midline closure and modified smead-jones repair in emergency laparotomy for enteric and duodenal perforation in terms of wound dehiscence incisional hernia and postoperative pain |
| 7.           | Dr. Ayesha Rehmat Ullah  | Dr. Ahsan Nasim, Prof. of General Surgery, Services Institute of Medical Sciences, Lahore                     | 30-Jan-26                        | Comparison of outcomes using ligasure versus conventional monopolar diathermy in breast conserving surgery with axillary dissection for breast carcinoma   |
| 8.           | Dr. Rabia Shaheen        | Dr. Naveed Akhtar, Prof. of General Surgery, Nishtar Medical University, Multan                               | 3-Feb-26                         | Comparative study of lateral internal sphincterotomy and anal advancement flap in treatment of chronic anal fissure  |
| 9.           | Dr. Saad Khan            | Dr. Faisal Shabbir Associate Professor of Surgery Gujranwala Medical College, Gujranwala                      | 3-Feb-26                         | Comparision of Laser versus phenol crystals in the treatment of pilonidal sinus  |
| 10.          | Dr. Talha Akbar          | Dr. Hafiz Muhammad Amjad, Prof. of General Surgery, Sahiwal Medical college, Sahiwal                          | 3-Feb-26                         | Comparative Study of early versus late ileostomy reversal in enteric perforation   |

# **UNIVERSITY OF HEALTH SCIENCES, LAHORE**

Agenda of 17<sup>th</sup> Meeting of Specialty Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 27<sup>th</sup> February 2026** at **09:00 A.M. in** University of Health Sciences, Lahore.

## **AGENDA**

| <b>Sr. #</b> | <b>Name of Candidate</b> | <b>Proposed Supervisor</b>  | <b>Date/Number of Submission</b> | <b>Title</b>  |
|--------------|--------------------------|---|----------------------------------|---|
| 1.           | Dr. Usman Bari           | Dr. Muhammad Rizwan Anwar, Professor of General Surgery, D.G Khan Medical college, Dera Ghazi Khan                | 21-Aug-25                        | Comprative Study of outcomes of laser hemorrhoidoplasty and open hemorrhoidectomy for the treatment of hemorrhoids.   |
| 2.           | Dr. Muhammad Samiullah   | Dr. Muzaffar Aziz, Prof. of General Surgery, Nishtar Medical University, Multan                                   | 15-Sep-25                        | Comparison of Wound Healing Between Autologous whole blood clot and conventional povidone-Iodine Dressing in diabetic foot Ulcers   |
| 3.           | Dr. Liaqat Ali           | Dr. Waseem Sadiq Awan, Associate Professor. Sargodha Medical College Sargodha                                     | 31-Oct-25                        | Frequency of Serous Fluid output via Drain after mesh repair of para-Umbilical Hernia with or without dead space Obliteration   |
| 4.           | Dr. Hafiz Inamullah      | Prof. Dr. Muhammad Nadeem Aslam, professor of Surgery, Services Institute of Medical Sciences                     | 5-Nov-25                         | Comparison of short and long-term outcomes of karydakis versus limberg procedure in patients with pilonidal sinus disease   |
| 5.           | Dr. Talha Yousaf         | Dr. Muzaffar Aziz Gopang, Professor of Surgery, Nishtar Medical University, Multan                                | 25-Nov-25                        | Outcome-based comparison of rectus sheath closure using small versus large bites in emergency midline laparotomies  |
| 6.           | Dr. Muhammad Ameer Hamza | Dr. Muhammad Qasim Butt, Assistant Professor of General Surgery, Khawaja Muhammad Safdar Medical College, Sialkot | 5-Dec-25                         | A comparative study of postoperative hypocalcemia following total and subtotal thyroidectomy in patients with toxic multinodular goiter   |
| 7.           | Dr. Rabbiah Gulzar       | Prof. Naveed Akhtar, Prof of Surgery, Nishtar Medical University, Multan  | 12-Dec-25                        | Comparison of the outcomes of peritoneal closure techniques in Laproscopic transabdominal preperitoneal inguinal hernia repair using suture technique versus tacker technique at a Tertiary Care Hospital |
| 8.           | Dr. Muhammad Sohaib      | Dr. Muhammad Lateef, Assistant Professor of General Surgery, Khawaja Muhammad Safdar Medical College, Sialkot     | 24-Dec-25                        | Comparison of laser fissurectomy versus lateral internal sphincterotomy in the treatment of chronic anal fissure  |
| 9.           | Dr. Zareen Akhtar        | Prof. Naveed Akhtar, Prof of Surgery, Nishtar Medical University, Multan  | 13-Jan-26                        | Comparison of efficacy of laparoscopic varicocelelectomy using ligasure versus open high ligation in terms of semen parameters and recovery time  |
| 10.          | Dr. Muhammad Waqar       | Dr. Hafiz Muhammad Amjad, Prof. of Surgery, Sahiwal Medical college, Sahiwal                                      | 13-Jan-26                        | Comparison of Rubber vs prolene Seton in patients with high-lying perianal fistula  |

## UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 28<sup>th</sup> June, 2024** at **10:00 A.M. in** University of Health Sciences, Lahore. Followings are requested to please participate in the meeting;

### AGENDA

| Sr. # | Name of Candidate             | Supervisor   | Date/Number of Submission | Title  |
|-------|-------------------------------|--|---------------------------|--|
| 1.    | Dr. Nouman Ali<br>2022-23     | Dr. Abid Nazir<br>Associate Professor of<br>General Surgery<br>Nawaz Sharif Medical College,<br>Gujrat                 | 15-May-24/<br>1           | Comparative study of Honey, Papaya and Pyvordine-iodine dressings in treating Grade I & II Diabetic Foot Ulcers  |
| 2.    | Dr. Muhammad Waqar<br>2021-22 | Dr. Akhtar Mahboob<br>Associate Professor of<br>General Surgery<br>Sahiwal Medical College,<br>Sahiwal.                | 2-May-24/<br>1            | Comparison of iv lignocaine vs opioids in postoperative ileus and hemodynamic stability in elective surgery  |
| 3.    | Dr. Sehrish Khalid<br>2021-22 | Dr. Muhammad Rizwan Anwar<br>Associate Professor of<br>General Surgery<br>D.G Khan Medical College,<br>Dera Ghazi Khan | 2-May-24/<br>1            | Comparison of outcomes of laser ablation versus fistulectomy in patients of simple perianal fistula  |
| 4.    | Dr. Usman Bari<br>2014        |  | 2-May-24/<br>1            | Comparative study of outcomes of laser hemorrhoidoplasty and open hemorrhoidectomy for the treatment of hemorrhoids  |
| 5.    | Dr. Aisha Siddiqa<br>2018-19  |  | 3-May-24/<br>1            | Comparison of post-operative port site pain when gall bladder is retrieved from umbilical port versus epigastric port following laparoscopic cholecystectomy |
| 6.    | Dr. Laiba Ali<br>2022-23      | Dr. Muhammad Anwar<br>Assistant Professor of General<br>Surgery<br>Quaid e Azam Medical<br>College, Bahawalpur.        | 6-May-24/<br>1            | Comparison of surgical site wound infection & bile spillage between conventional bag extraction vs direct extraction in laparoscopic cholecystectomy         |
| 7.    | Dr. Saba Fatima<br>2022-23    |  | 19-Apr-24/<br>1           | Comparison of wound and postoperative pain between marsupialization vs lay open technique in fisulotomy in low lying perianal fistula                        |

|     |                                      |   |                 |  |
|-----|--------------------------------------|---|-----------------|--|
| 8.  | Dr. Nauman Sattar<br>2021-22         | Dr. Zahid Sattar<br>Associate Professor of<br>General Surgery<br>Sahiwal Medical College,<br>Sahiwal          | 9-May-24/<br>1  | Comparison of outcomes of diathermy versus steel scalpel for skin incision in inguinal hernia repair in terms of post-operative pain and wound infection |
| 9.  | Dr. Muhammad Hassan Abbas<br>2021-22 | Prof. Qamar Ashfaq Ahmad<br>Professor of General Surgery<br>Postgraduate Medical College,<br>Lahore           | 9-May-24/<br>1  | Comparative study between compression dressing alone vs compression dressing coupled with ultrasound guided foam sclerotherapy for chronic venous ulcers |
| 10. | Dr. Jawad Hussain<br>2021-22         | Prof. M Masood Ur Rauf Khan<br>Hiraj<br>Professor of General Surgery<br>Nishtar Medical University,<br>Multan | 10-May-24/<br>1 | Comparison of outcome of primary repair versus t-tube placement in the management of choledocholithiasis   |

## **UNIVERSITY OF HEALTH SCIENCES, LAHORE**

Agenda of the Meeting of Speciality Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 26<sup>th</sup> July, 2024** at **09:00 A.M. in** University of Health Sciences, Lahore. Followings are requested to please participate in the meeting.

### **AGENDA**

| <b>Sr. #</b> | <b>Name of Candidate</b>          | <b>Supervisor</b>   | <b>Date/Number of Submission</b> | <b>Title</b>  |
|--------------|-----------------------------------|---|----------------------------------|---|
|              | Dr. Zarnab Younis Rana<br>2019-20 | Dr. Rana Akhtar Mahboob<br>Associate Professor of<br>General Surgery<br>Sahiwal Medical College,<br>Sahiwal   | 22-May-24/<br>2                  | Comparative study post operative outcome in patients with suture less hemorrhoidectomy V/S patients with conventional ferguson hemorrhoidectomy |
| 2.           | Dr. Hareem Zafar<br>2022-23       | Dr. Faisal Shabbir<br>Assistant Professor of General<br>Surgery<br>Gujranwala Medical College,<br>Gujranwala  | 24-May-24/<br>1                  | Comparison of outcome of desarda's repair versus daring's repair in emergency surgery   |
| 3.           | Dr. Uzma Azam<br>2021-22          | Dr. Asiya Shabbir<br>Assistant Professor of General<br>Surgery<br>Quaid-e-Azam Medical<br>College, Bahawalpur | 31-May-24/<br>1                  | Comparison of frequency of surgical site infection after laparoscopic cholecystectomy with bile spillage versus without bile spillage           |

|     |                                       |  |                   |   |
|-----|---------------------------------------|--|-------------------|---|
| 4.  | Dr. Ayesha Ghafoor<br>2022-23         | Professor. Muhammad Waris Farooka<br>Professor of General Surgery<br>Services Institute, of Medical Sciences, Lahore | 3-Jun-24/<br>1    | Comparison of axillary drain output in harmonic scalpal versus conventional axillary dissection for breast cancer   |
| 5.  | Dr. Hafiz Rana Kamran Ijaz<br>2020-21 | Professor Muhammad Kamran Ch.<br>Professor of General Surgery<br>Allama Iqbal Medical College, Lahore                | 5-Jun-24/<br>1    | Comparison of outcomes of open appendectomy with and without TAP Block  |
| 6.  | Dr. Muhammad Bilal Khalid<br>2022-23  | Dr. Muhammad Rizwan Anwar<br>Assistant Professor of General Surgery<br>D.G Khan Medical College, Dera Ghazi Khan     | 24-Jun-24/<br>1   | The Comparative study on endobage extraction versus direct extraction for retrieval of gallbladder in patients of calculous cholecystitis undergoing laparoscopic cholecystectomy |
| 7.  | Dr. Sadaqat Faiz<br>2022-23           | Dr. Hafiz Muhammad Amjad<br>Assistant Professor of General Surgery<br>Sahiwal Medical College, Sahiwal               | 24-Jun-24/<br>1   | Comparative study of intersphincteric ligation versus conventional fistulotomy in the treatment low lying transsphincteric fistula  |
| 8.  | Dr. Aimen Ausaf<br>2019-20            | Dr. Hafiz Muhammad Amjad<br>Assistant Professor of General Surgery<br>Sahiwal Medical College, Sahiwal               | 20-Jun-24/<br>1   | Comparative study of 3-stitch mesh hernioplasty with conventional lichtenstein repair   |
| 9.  | Dr. Mustahsan Mahmood<br>2019-20      | Dr. Waseem Sadiq Awan<br>Associate Professor of General Surgery<br>Sargodha Medical College, Sargodha                | 9-Jul-24 /<br>2   | Comparison of post-operative outcome in patients undergoing reading man flap vs limberg flap operation of pilonidal sinus   |
| 10. | Dr. Muhammad Arslan<br>2019-20        | Professor of Masood Ur Rauf Hiraj<br>Professor of General Surgery<br>Nishtar Medical University, Multan              | 25-Jun-24 /<br>01 | A Comparison of ligasure and harmonic scalpel in thyroidectomy  |

| 5.  | Dr. Abdul Samad<br>(2019-20)           | Prof. Ajmal Farooq<br>Head of Surgery<br>Department<br>Postgraduate Medical<br>Institute Lahore.                 | 1 | Comparative study between open versus laparoscopic modified graham's repair of perforated anterior wall duodenal ulcer  |
| 6.  | Dr. Shanza<br>Ahmad (2021-22)          | Prof. Naveed Akhtar<br>Professor of General<br>Surgery<br>Nishtar Hospital Multan                                | 1 | Comparison of efficacy in terms of healing of topical timolol versus simple normal saline dressing among patients presenting with diabetic foot ulcer at a tertiary care hospital                             |
| 7.  | Dr. Zarnab Younis<br>Rana<br>(2019-20) | Dr. Rana Akhtar<br>Mahboob<br>Associate Professor<br>Department of Surgery<br>Sahiwal Medical College<br>Sahiwal | 2 | Comparative study post Op pain, wound infection, return to daily routine, hospital stay, Operative time in patients with suture less hemorrhoidectomy v/s patient with conventional ferguson hemorrhoidectomy |
| 8.  | Dr. Aisha Siddiq<br>(2018-19)          | Dr. Majeed Ullah Buzdar<br>Head Of Department<br>D.G Kahn Medical College<br>D.G. Khan                           | 1 | Initially elevated blood lactate levels as predictor of poor outcomes in severe acute pancreatitis  |
| 9.  | Dr. Zainab Batool<br>(2019-20)         | Prof. Muhammad Masood<br>Ur Rauf Khan<br>Head of Department<br>Nishtar Hospital Multan                           | 1 | A comparison of post-operative port site infection when gall bladder is retrieved from umbilical port vs epigastric port following laparoscopic cholecystectomy   |
| 10. | Dr. Mustahsan<br>Mahmood<br>(2019-20)  | Dr. Waseem Sadiq Awan<br>Department of General<br>Surgery<br>Sargodha Medical College<br>Sargodha                | 1 | Comparison of wound infection in primary versus delayed primary wound closure of laparotomy wounds for duodenal ulcer perforation   |

## **UNIVERSITY OF HEALTH SCIENCES, LAHORE**

Agenda of the Meeting of Speciality Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 7<sup>th</sup> June, 2024** at **09:00 A.M. in** University of Health Sciences, Lahore. Followings are requested to please participate in the meeting;

### **AGENDA**

| <b>Sr. #</b> | <b>Name Candidate of</b>           | <b>Supervisor</b>   | <b>Date/Number of Submission</b> | <b>Title</b>  |
|--------------|------------------------------------|---|----------------------------------|---|
| 1.           | Dr. Samreena Hanif<br><br>2022-23  | Dr. Rizwan Anwar<br>Associate Professor<br>Department of General Surgery,<br>D.G. Khan Medical College, Dera Ghazi Khan | 14-Mar-24/<br><br>1              | Comparision of surgical outcome of laparoscopic cholecystectomy versus open cholecystectomy in obese patients   |
| 2.           | Dr. Uzma Afzal<br><br>2022-23      | Professor Dr. Muhammad Ishaque Khan<br>Department of Surgery<br>Quaid e Azam Medical College, Bahawalpur.               | 15-Mar-24/<br><br>1              | Comparison of outcome of low pressure versus standard pressure pneumoperitoneum in laparoscopic appendectomy  |
| 3.           | Dr. Ghulam Dastgeer<br><br>2022-23 |   | 1-Apr-24/<br><br>2               | Comparison of outcome with ERAS protocol vs standard protocol in Typhoid Interstinal Perforation in emergency setting randomized clinical trial (RCT) in BVH, Bahawalpur. |
| 4.           | Dr. Kamran Malik<br><br>2022-23    | Professor Dr. Farooq Ahmad Rana<br>Head of Department<br>Allama Iqbal Medical College, Lahore.                          | 19-Mar-24<br><br>1               | Comparison of laser hemorrhoidoplasty vs conventional milligan morgan hemorrhoidectomy a randomized control trial   |
| 5.           | Dr. Asif Nawaz<br><br>2020-21      | Dr. Muhammad Younas<br>Assistant Professor of Surgery<br>Nishtar Medical University, Multan                             | 4-Apr-24<br><br>1                | Comparison of sutures versus N-butyl 2-cyanoacrylate glue for mesh fixation during primary inguinal hernia repair   |

|     |                                |  |                  |  |
|-----|--------------------------------|--|------------------|--|
| 6.  | Dr. Ejaz Ahmad Khan<br>2018-19 | Dr. Muhammad Anwar<br>Associate Professor of Surgery<br>Quaid e Azam Medical University Bahawalpur.          | 21-Feb-24/<br>2  | Comparison of Seroma formation after paraumbilical hernia repair with and without flap fixation  |
| 7.  | Dr. Nimra Ayub<br>2022-23      | Dr. Waseem Sadiq Awan<br>Associate Professor of Surgery<br>Sargodha Medical College, Sargodha.               | 19-Apr-24/<br>2  | Comparison of Desarda repair and lichtenstein mesh repair for primary inguinal hernia in term of post-operative pain   |
| 8.  | Dr. Ayesha Zulfiqar<br>2022-23 | Dr. Asiya Shabbir<br>Assistant Professor of Surgery<br>Quaid e Azam Medical College, Bahawalpur.             | 25-Apr-24/<br>2  | Comparison of Post-operative complication of obstructed paraumbilical hernia repair with or without subcutaneous drain   |
| 9.  | Dr. Afia Jari<br>2022-23       | Dr. Malik Nazar Farid<br>Assistant Professor of Surgery<br>D.G. Khan Medical College, Dera Ghazi Khan.       | 25-Apr-24 /<br>1 | Comparison of the outcomes of umbilical por-site herniation with and without fascia closure in postoperative patients of laparoscopic cholecystectomy                      |
| 10. | Dr. Rabia Azam<br>2022-23      | Professor Dr. Muhammad Nadeem Aslam<br>Professor of Surgery<br>Service Institute of Medical Sciences, Lahore | 25-Apr-24 /<br>1 | Comparison of diagnostic accuracy of appendicitis inflammatory response score and alvarado score in diagnosis of acute appendicitis taking histopathology as Gold standard |

## UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **General Surgery** for review of MS synopses to be held on **Monday, 6<sup>th</sup> May, 2024** at **10:00 A.M.** in University of Health Sciences, Lahore. Followings are requested to please participate in the meeting;

| Sr. # | Name of Candidate              | Supervisor   | Date/Number of Submission | Title  |
|-------|--------------------------------|--|---------------------------|--|
|       | Dr. Umair Bin Nasir<br>2012-13 | Prof. Dr. Ajmal Farooq<br>Professor of Surgery<br>Department Postgraduate Medical Institute Lahore | 6-Feb-24/<br>1            | Comparative study of stab avulsion versus foam sclerotherapy for below knee varicosities in varicose veins |

|    |   |  |                     |   |
|----|---|--|---------------------|---|
| 2. | Dr. Moazzam Ali<br>2022-23              | Dr. Muhammad Imran Khokhar<br>Associate Professor of<br>Department Surgery<br>Gujranwala Medical College,<br>Gujranwala            | 6-Feb-24/<br>1      | Comparative study between<br>handmade extracorporeal<br>knotting versus hem-o lok clip<br>for stump closure in<br>laparoscopic appendectomy                     |
| 3. | Dr. Muhammad Faiq<br>2021-22            | Prof. Dr. M. Waris Farooka<br>Professor of Surgery<br>Services Institute of Medical<br>Sciences, Lahore                            | 12-Mar-24/<br>1     | Effect of vacuum assisted<br>dressings and simple<br>dressings on wound healing in<br>contaminated wounds, A<br>comparative study in public<br>sector hospitals |
| 4. | Dr. Raza Mahmood<br>2020-21             | Prof. Dr. Amna Javed<br>Moeen<br>Professor of Surgery<br>Postgraduate Medical<br>Institute, Lahore                                 | 27-Feb-24/<br>1     | Comparative study between<br>outcome of ligasure<br>hemorrhoidectomy and<br>conventional milligan morgan<br>hemorrhoidectomy in grade 3<br>& 4 hemorrhoids      |
| 5. | Dr. Asma Manzoor<br>2021-22             | Professor Dr. Muhammad<br>Nadeem Aslam<br>Professor of Surgery<br>Department<br>Services Institute of Medical<br>Sciences, Lahore. | 28-Feb-24/<br>1     | A comparative study between<br>local application of diltiazem<br>cream 2% and gtn cream<br>0.2% for the treatment of<br>acute anal fissure                      |
| 6. | Dr. Sobia Farooq<br>2014-15             | Prof. Naveed Akhtar<br>Professor of General<br>Surgery<br>Nishtar Medical University,<br>Multan.                                   | 21-Feb-24/<br>1     | Comparison of primary repair<br>vs sublay mesh placement in<br>ileostomy reversal patients in<br>terms of incisional hernia                                     |
| 7. | Dr. Muhammad Bilal<br>Khalid<br>2022-23 | Dr. Muhammad Rizwan<br>Anwar<br>Assistant Professor of<br>General Surgery<br>D.G. Khan Medical College,<br>Dera Ghazi Khan         | 30-Jan-24/<br>2     | The comparative study of<br>enbodbag extraction versus<br>direct extraction for retrieval<br>of gallbladder in laparoscopic<br>cholecystectomy                  |
| 8. | Dr. Rabiya Annum<br>2019-20             | Professor Dr. Yaseen Rafi<br>Professor of Surgery<br>Postgraduate Medical<br>Institute, Lahore.                                    | 3-Jan-23/<br><br>2  | Comparison between mesh<br>rectopexy and suture<br>rectopexy in rectal prolapse   |
| 9. | Dr. Sadaqat Faiz<br>2022-23             | Dr. Hafiz Muhammad<br>Amjad<br>Assistant Professor<br>Sahiwal Medical College,<br>Sahiwal.   | 23-Jan-24/<br><br>1 | Comparative study of<br>intersphincteric ligation versus<br>conventional fistulotomy in<br>the treatment of<br>transsphincteric fistula                         |
| 10 | Dr. Muhammad<br>Fawad Umer<br>2021-22   | Professor Dr. Farooq<br>Ahmad Rana<br>Professor of Surgery<br>Allama Iqbal Medical<br>College, Lahore.                             | 6-Feb-24/<br><br>1  | Efficacy of papaya dressing<br>versus normal saline dressing<br>in wound healing in patients<br>with post exploratory<br>laparotomy partial wound<br>dehiscence |

## **UNIVERSITY OF HEALTH SCIENCES, LAHORE**

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Thursday, 1<sup>st</sup> December 2022** at **01:00 p.m.** in University of Health Sciences, Lahore.

### **AGENDA**

| <b>Sr. No.</b> | <b>Name of Candidate / Specialty</b> | <b>Supervisor</b>  | <b>Title</b>   |
|----------------|--------------------------------------|--|--|
| 1              | <b>Dr. Sehrish Irshad</b>            | <b>Prof. Masood-ur-Rauf Hiraj</b><br>Professor of General Surgery<br>Nishtar Medical University/<br>Nishtar Medical University, Multan               | comparison of outcome (In terms of Facial Nerve Injury) of extra-capsular Dissection versus superficial parotidectomy for the pleomorphic adenoma of parotid at a Tertiary Care Hospital |
| 2              | <b>Dr. Annam Khalid (Revised)</b>    | <b>Prof. Naveed Akhtar</b><br>Professor of General Surgery<br>Nishtar Medical University/<br>Nishtar Hospital, Multan                                | Comparative study of outcomes of laparoscopic IPOM versus Open Sublay Technique for elective paraumbilical hernia repair   |
| 3              | <b>Dr. Umer Shareef</b>              | <b>Dr. Muhammad Ishaque Khan</b><br>Associate Professor of General Surgery<br>Quaid-e-Azam Medical College/<br>Bahawal Victoria Hospital, Bahawalpur | Comparison between verses needle closed technique verses open technique in laparoscopic cholecystectomy in Bahawal Victoria Hospital Bahawalpur  |
| 4              | <b>Dr. Muhammad Akhter</b>           |  | A comparative study of Alvarado's Score versus RIPASA Score in diagnosis of acute appendicitis   |

## **UNIVERSITY OF HEALTH SCIENCES, LAHORE**

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Thursday, 1<sup>st</sup> December 2022** at **01:00 p.m.** in University of Health Sciences, Lahore.

### **AGENDA**

| <b>Sr. No.</b> | <b>Name of Candidate / Specialty</b> | <b>Supervisor</b>  | <b>Title</b>  |
|----------------|--------------------------------------|--|---|
| 1.             | <b>Dr. Amna Abdul Karim</b>          | <b>Prof. Muhammad Hassan Abbas</b><br>Professor of Surgery<br>Sheikh Zayed Medical College/<br>Sheikh Zayed Hospital, Rahim Yar Khan                     | Comparison of outcome of early Ileostomy reversal on same admission vs late reversal after 3 months in typhoid perforation; In term of frequency of complications (Infection & Anastomosis leakage) Quality of life (QoL) and length of hospitalization (LoH) |
| 2.             | <b>Dr. Dur-e-Zahra</b>               | <b>Prof. Yaseen Rafi</b><br>Professor of Surgery<br>Services Institute of Medical Sciences/ Services Hospital, Lahore                                    | Outcomes after tumescence technique versus electrocautery mastectomy In terms of operation during drain output pain score hospital stay wound infection and flap necrosis   |
| 3.             | <b>Dr. Umair Mustafa (Revised)</b>   | <b>Prof. Dr. Afsar Ali Bhatti</b><br>Professor of Surgery<br>Postgraduate Medical Institute/<br>Lahore General Hospital, Lahore                          | Comparison study between laparoscopic versus open surgery for liver hydatid cyst  |
| 4.             | <b>Dr. Hira Shahid</b>               | <b>Dr. Shahzad Bashir</b><br>Associate Professor of Surgery<br>Khawaja Muhammad Safdar Medical College/ Allama Iqbal Memorial Teaching Hospital, Sialkot | Comparison of outcome of open versus loop drainage in females with breast abscess   |

| 22.          | Dr. Syed Muhammad Asghar Kazmi<br>2023-24 | Prof. Muhammad Ateeq, Prof. of Surgery, Nawaz Sharif Medical College, Gujrat                                      | 7-Mar-25/<br><br>2               | Comparison of vacuum dressing oxyferrin dressing in diabetic traumatic wounds in terms of healing, better scar mark and cost effectiveness          |
| 23.          | Dr. Dawood Mughal<br>2022-23              | Dr. Muhammad Qasim Butt, Assistant Professor of General Surgery, Khawaja Muhammad Safdar Medical College, Sialkot | 7-Mar-25/<br><br>1               | Comparison of the outcome of gunsight versus purse-string closure techniques in patients undergoings stoma reversal                                 |

|     |                             |   |                 |  |
|-----|-----------------------------|---|-----------------|--|
| 24. | Dr. Taseen Imran<br>2023-24 | Dr. Faisal Shabbir<br>Associate Professor of Surgery<br>Gujranwala Medical College, Gujranwala    | 27-Jan-25/<br>1 | Modified vs conventional laparoscopic tap for inguinal hernia: A comparative study   |
| 25. | Dr. Hareem Zafar<br>2022-23 |   | 7-Mar-25/<br>1  | Comparison of laser vs injection sclerotherapy in the treatment of Grade 2 hemorrhoids   |
| 26. | Dr. Basit Ali<br>2022-23    | Dr. Muhmmad Younas<br>Associate Professor of General Surgery<br>Nishtar Medical University Multan | 24-Jan-25/<br>2 | Comparison of outcome between the peritoneum closure versus non-closure in open appendectomy   |
| 27. | Dr. Irsa Arif<br>2022-23    | Prof. Masood-ur-Rauf Khan Hiraj, Nishtar Medical College, Multan                                  | 10-Feb-25/<br>2 | Comparison of post-operative complications in patients undergoing modified radical mastectomy, 4 weeks versus 6 weeks after completion of neoadjuvant chemotherapy |
| 28. | Dr. Raiya Annum<br>2023-24  | Prof. Yaseen Rafi ,<br>Prof. of General Surgery, Services Institute of Medical Sciences, Lahore   | 7-Mar-25/<br>1  | Comparison of outcome of open mesh rectopexy vs open suture rectopexy in rectal prolapse with respect to constipation and recurrence                               |

**Note:**

*All proposed Supervisors who do not have Supervisory Certificate as per UHS eligibility criteria are requested to complete their deficiencies mandatorily within **six months**, failure of which may lead to deferral of synopsis of their candidate(s) in the subsequent submission.*

## **UNIVERSITY OF HEALTH SCIENCES, LAHORE**

Agenda of 13<sup>th</sup> Meeting of Specialty Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 13<sup>th</sup> June, 2025** at **09:00 A.M. in** University of Health Sciences, Lahore.

### **AGENDA**

#### **To Review Synopses of:**

| <b>Sr. #</b> | <b>Name of Candidate</b>           | <b>Proposed Supervisor</b>   | <b>Date/Number of Submission</b> | <b>Title</b>   |
|--------------|------------------------------------|--|----------------------------------|--|
| 29.          | Dr. Muhammad Adnan Riaz<br>2023-24 | Prof. Munawar Jamil, Prof. of General Surgery, Quaid-e-Azam Medical College, Bahawalpur                      | 17-Mar-25/<br>1                  | Comparing single stage laparoscopic choledochotomy and cholecystectomy versus two-stage ERCP followed by laparoscopic cholecystectomy for cholelithiasis and choledocholithiasis |
| 30.          | Dr. Shanza Afzal<br>2021-22        | Dr. Muhammad Rizwan Anwar, Assistant Professor of General Surgery, D.G Khan Medical college, Dera Ghazi Khan | 17-Mar-25/<br>2                  | Comparison of outcome of intra-corporeal and extra-corporeal sliding knot in ligation of base of appendix in patients undergoing laparoscopic appendectomy                       |
| 31.          | Dr. Ansar Abbas<br>2021-22         | Dr. Muhammad Farrukh Aftab, Associate Professor of General Surgery, Nishtar Medical University, Multan       | 22-Mar-25/<br>1                  | Comparison of laparoscopic cholecystectomy with and without abdominal drain in patients with non-complicated benign gall bladder disease   |
| 32.          | Dr. Sana Kanwal<br>2022-23         |  | 23-Mar-25/<br>1                  | Supremacy of primary closure versus t-tube drainage after laparoscopic common bile duct stone extraction via choledoscope-A randomised control trial                             |
| 33.          | Dr. Zareen Akhtar<br>2022-23       | Prof. Dr. Naveed Akhtar<br>Professor of Surgery<br>Nishtar Medical University, Multan                        | 14-Mar-25/<br>1                  | Comparison of the efficacy of laparoscopic versus open high ligation for varicocele  |
| 34.          | Dr. Sobia Farooq<br>2022-23        | Dr. Akhter Mahboob, Assistant Prof. of Surgery, Sahiwal Medical College, Sahiwal                             | 11-Mar-25/<br>2                  | Comparison of primary repair Vs sublay mesh placement in ileostomy reversal patients in terms of incisional hernia   |

|     |                                |   |                 |   |
|-----|--------------------------------|---|-----------------|---|
| 35. | Dr. Adeel Iqbal<br>2022-23     | Prof. Hafiz Muhammad Amjad,<br>Professor of General Surgery, Sahiwal Medical College, Sahiwal                 | 17-Mar-25/<br>1 | Comparative study between the use of veress needle vs 10mm optical port for creation of pneumoperitoneum in laroscopic surgery  |
| 36. | Dr. Muhammad Sohaib<br>2022-23 | Dr. Muhammad Lateef, Assistant Professor of General Surgery, Allama Iqbal Memorial Teaching Hospital, Sialkot | 7-Apr-25/<br>1  | Comparison of Vacuum-assisted closure versus traditional normal saline dressing in managing open surgical wounds after exploratory laparotomy for abdominal sepsis              |
| 37. | Dr. Hamid<br>2021-22           | Prof. Dr. Amna Javed, Head & Prof. of Surgery Department Unit II, Postgraduate Medical Institute, Lahore      | 21-Apr-25/<br>3 | Comparative study of excision versus invagination of hernial sac in management of incomplete indirect inguinal hernia   |
| 38. | Dr. Sadia Iftikhar<br>2022-23  | Prof. Muhammad Zakir Sial, Prof. of General Surgery, Allama Medical College, Lahore                           | 11-Mar-25/<br>1 | Comparison of efficacy of prophylactic negative pressure wound dressing versus conventional wound dressing in preventing surgical site infection following emergency laparotomy |

**Note:**

*All proposed Supervisors who do not have Supervisory Certificate as per UHS eligibility criteria are requested to complete their deficiencies mandatorily within **six months**, failure of which may lead to deferral of synopsis of their candidate(s) in the subsequent submission.*

# UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of 14<sup>th</sup> Meeting of Specialty Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 11<sup>th</sup> July, 2025** at **09:00 A.M.** in University of Health Sciences, Lahore.

## AGENDA

### To Review Synopses of:

| Sr. # | Name of Candidate              | Proposed Supervisor   | Date/Number of Submission | Title   |
|-------|--------------------------------|---|---------------------------|---|
| 1.    | Dr. Faria Ambreen<br>2023-24   | Prof. Dr. Muhammad Ishaque Khan<br>Professor of Surgery<br>Quaid-e-Azam Medical College, Bahawalpur               | 11-Apr-25/<br>1           | Comparative analysis of early versus late hepaticojejunostomy in bile duct injuries   |
| 2.    | Dr. Ghulam Dastgeer<br>2022-23 |   | 21-May-25/<br>2           | Comparison of outcome with eras (enhanced recovery after surgery) protocol versus standard protocol in intestinal perforation in emergency: a randomized clinical trial                   |
| 3.    | Dr. Usman Ali<br>2022-23       | Prof. Dr. M. Tariq Ghafoor,<br>Prof. of General Surgery,<br>Sheikh Zayed Medical College, Rahim Yar Khan          | 23-Jun-25/<br>1           | Outcome comparison of extracapsular parotidectomy versus superficial parotidectomy in pleomorphic adenoma   |
| 4.    | Dr. Asif Iqbal<br>2022-23      | Prof. Dr. Muzaffar Aziz,<br>Professor of Surgery ,<br>Nishtar Medical University,<br>Multan                       | 29-Apr-25/<br>1           | Comparison of interrupted versus continuous rectus sheath closure in emergency laparotomy   |
| 5.    | Dr. Saeed Ahmad<br>2023-24     | Dr. Saeed Sattar, Associate<br>Professor of General<br>Surgery Department,<br>Sahiwal Medical College,<br>Sahiwal | 11-Apr-25/<br>1           | Comparative outcomes of ventral vs posterior mesh rectopexy in conventional surgery for rectal prolapse   |
| 6.    | Dr. Jaysha Mahmood<br>2023-24  | Dr. Allah Nawaz<br>Assistant Professor of<br>Surgery<br>Sargodha Medical College,<br>Sargodha                     | 27-May-25/<br>2           | Comparative study of healing of contaminated wound of exploratory laparotomy with and without placement of subcutaneous drain (made from half cut nelton drain) in resource limited setup |
| 7.    | Dr. Iqra Gulzar<br>2022-23     | Dr. Akhtar Mahboob,<br>Associate Professor of<br>General Surgery<br>Department, SHMC,<br>Sahiwal                  | 9-Apr-25/<br>1            | Comparative study of excision versus invagination of hernial sac in management of incomplete indirect inguinal hernia   |
| 8.    | Dr. Ismail Hassan<br>2020-21   | Prof. Dr. Yasin Rafi, Prof. of<br>General Surgery, Services<br>Institute of Medical<br>Sciences, Lahore           | 20-Jun-25/<br>2           | Comparison of effectiveness of USG Guided pigtail catheterization vs. USG guided aspiration in the management of liver abscess  |

### **Note:**

*All proposed Supervisors who do not have Supervisory Certificate as per UHS eligibility criteria are requested to complete their deficiencies mandatorily within **six months**, failure of which may lead to deferral of synopsis of their candidate(s) in the subsequent submission.*
